Drinks Reception music:

For ceremony music in the Boathouse and the drinks reception we recommend acoustic musicians such as a harpist/guitarist/cellist etc. The acoustics are very good but your celebrant or musicians may bring a small speaker/microphone if they wish. We don't allow DJ's, DJ & Saxophone Duo's, drum shows and electronic music to be played outside.

BBQ or Pre-wedding Dinner Entertainment:

For a BBQ we require acoustic music with no form of amplification outside (this is not applied for music indoors). Outdoor music must be acoustic only (e.g. guitar only, no speakers). We would recommend starting the music around 9:30pm (from May to August), 8pm (September) and 7:30pm (from October to April) for within the pavilion or main house. However, you are welcome to use our large Spotify Bluetooth speaker outside through the day.
